# ENVIRONMENTAL POLICY STATEMENT & ACTION PLAN

## IMPLEMENTATION PLAN

The Company will:

1. Appoint a competent person to provide support and advice on environmental matters.
2. Carry out an environmental review of the Companies work activities to evaluate compliance with regulatory controls and codes of practice.
3. Provide adequate resources to ensure compliance with regulatory controls and codes of practice.
4. Make all employees aware of the Environment Policy.
5. Operate systems to ensure that environmental matters are considered when planning and carrying out the Companies work activities.
6. Operate monitoring systems to be undertaken by Contact Management to ensure compliance with regulatory controls and codes of practice.

## OPERATIONAL PLAN

The Company will:

1. Assess in advance the environmental impact of the Companies new work activities.
2. Ensure what environmental matters are considered during planning and carrying out the Companies work activities.
3. Ensure that the disposal and transport of wastes off the Companies sites is carried out with due regard to the "Duty of Care".
4. Operate and maintain the Companies plant and vehicles in a responsible manner providing the best practicable environmental protection.
5. Bund all fuel containers on site and ensure spillages are avoided. Emergency spill kits will be provided in a readily available location.
6. Ensure that noise, dust, traffic movement and other aspects of the Companies work activities which can affect the local environment will be controlled to the lowest level and encourage wildlife and the habitats of rare and threatened species.
7. Restore the land to a high level compatible with local use after completion of landfill operations and endeavour to provide an attractive landscape after completion of the Company's work activities.
